

BEAUTI CONTROL®

Regeneration Tight, Firm & Fill Extreme Eye Complex

Watch the appearance of fine lines and wrinkles start to disappear around your eyes in as little as 15 minutes using BeautiControl's Regeneration® Tight, Firm & Fill® Extreme Eye Complex. It features maximum levels of the patent-pending Tri-Peptide complex that work immediately to create an optimal environment for the skin to naturally produce collagen. Tired eyes feel soothed with cucumber and chamomile extracts. Reduce the appearance of dark circles and puffiness with Haloxyl™ and a blend of red, green and brown algae.

It's revolutionary. It's Extreme. It's everything your eyes need to turn back time.

Key Benefits

- Immediate and long-term reduction in the appearance of fine lines and wrinkles
- Helps reduce the appearance of puffiness and dark circles
- Micro-rollerball applicator's massaging action helps stimulate circulation and aid in product absorption to help achieve maximum results
- Fights the appearance of deeper lines from repeated facial expression
- Helps to promote healthy, younger-looking skin
- Protects from free radical damage, which can cause aging
- Oil-free
- Paraben-free
- Fragrance-free

0.3 oz./8.5g
#19395

Key Ingredients

Triple Peptide Complex	Reduces the appearance of deeper wrinkles caused by repeated facial expressions and helps create the optimal environment for the skin to naturally produce collagen and retain its firmer, youthful appearance
Cucumber and Chamomile Extracts	Help skin feel soothed
Sodium Hyaluronate	Helps increase the skin's moisture retention
Haloxy™	Helps improve the appearance of dark circles
Chrysanthellum Indicum	Helps reduce the appearance of bags
Blend of Red, Green and Brown Algae	Helps increase skin elasticity and resiliency, and reduce the appearance of dark circles and bags from under eyes

Recommended For

Men and women ages 20 and up who want to prevent the signs of aging, reduce the appearance of fine lines, wrinkles, under eye puffiness and dark circles.

How to Use

Twice daily, gently squeeze tube to dispense small amount of product and apply to areas around the eyes. Massage product in with rollerballs. Pat in any excess with fingertips and let dry thoroughly.

FAQ

How does this product fit into the Spa?

This product can be used as part of the Instant Face Lift treatment for those who want an "Extreme" Instant Face Lift with extreme results. Simply use it in place of the Regeneration Tight, Firm & Fill Eye Firming Serum as part of the existing regimen.

Does this replace my need to use my other Regeneration Tight, Firm & Fill products?

This could potentially replace Regeneration Tight, Firm and Fill Eye Firming Serum for those wanting more extreme results even faster.

Can I use this product if I have sensitive skin?

This product has been dermatologist, sensitivity and allergy tested; however, everyone's skin is different. If you have sensitive skin, it is always best to test any new product on a small patch of skin to see if your skin will react. Also, if you have a history of sensitive skin or reaction to products, consult your physician or dermatologist before using.

From the BeautiControl Research Institute

Triple Peptide Complex helps tone and tighten skin by:

- Helping create an optimal environment for skin's natural ability to retain its firmer, youthful appearance.
- Creating an optimal environment for the skin to naturally produce collagen, the skin's building blocks of youth, which helps skin look younger and thicker
